## GAMEPLAY SCREEN

### WORLD

The Nickelodeon worlds are in trouble!!! Characters have been misplaced from the different Nickelodeon worlds and Jimmy Neutron needs your help to sort them out. With the help of Nickelodeon's all-star characters, it's up to you to help Jimmy Neutron investigate what's going on and put a stop to all this mischief.

# GAME LOADING

From the title screen, press START to view the Game Load menu. Here you can start a new game or load a saved game.

# MAIN MENU

Once you've started a new game or loaded a saved one, you are at the Main Menu. From here you can select from the following options:

## **Main Game**

Take your Hero and enter one of the Nickelodeon Worlds. See page 8 for more details.

## **Photo Album**

View snapshots of the characters you've photographed. Can you collect everything?

## **Score Ranking**

View the scores earned by the different characters in the different worlds.

## **Options**

Turn the music and sound effects ON or OFF, view the Ending (once unlocked), or play samples of Music and Sound Effects .

# MAIN GAME

Once you select Main Game, you will have to select the world you wish to visit and the character you wish to play as. Each of the characters is rated for jump power, walking speed, endurance, and flash gauge-charging speed.

Once you are in a level, you've got three objectives. First, you have to find all of the Misplaced Characters, take their pictures and reach the required Goal Points. Before you enter a level, Jimmy Neutron will tell you how many Goal Points you need to complete the level.

# SAVING THE GAME

The game automatically saves unlocked characters and area scores after completing an area. The world must be completely finished in order for the game progress to be saved.

# OBSTACLES AND PICK-UPS

**Mechanical Nuts:** Watch out for the mechanical nuts that roll in from the right-hand side of the screen. If they touch you, they will damage your camera. You can either jump over them, or you can take a picture of them to remove them from the screen.

When you find Misplaced Characters, take a picture of them to help send them back to their proper homes. You'll know you've sent them home when they disappear in a "puff" of smoke.

## Pick-Ups

---

**Faster Shutter:** These allow you to take pictures faster, without having to wait as long for your camera to recharge.

## ITEMS

### STARS

Collect stars to fill Timmy's star meter. Remember, when the meter is full, it'll replenish one full clover of Timmy's luck.

### CLOVER LEAVES

A clover leaf represents one unit of Timmy's luck. Collect them to extend your turn.

### FULL CLOVERS

You've heard of lucky four-leaf clovers? Well, one full clover will give Timmy four leaves of luck! Be sure to collect them when you see them.

### HORSESHOES

Collect a horseshoe and permanently increase the luck maximum by one whole clover. Horseshoes also completely replenish Timmy's luck.

### PRESENTS

Who doesn't love presents? Look out for these in the Scary Christmas level. Jump on a present to open it. They're usually filled with stars and clovers, but beware, sometimes there's an enemy inside.

## PRIME TIME SLIME

Meet just a few of the slimy bad guys standing between Timmy and the Fairy World Crown Jewels.

Anti-fairies are kind of like Timmy's godparents, only evil. Avoid them if you can, and if that doesn't work maybe Wanda can help you out.

Hold your applause, Elvis Fairy may look like the King of rock n' roll, but he'd rather bar your way than sing to you.

Apes are pretty fierce but easily distracted, especially when there's a banana around.

Bad news, dinos like to spit at you. How rude! If you can't teach these guys manners, try morphing them.

Evil elves? No way. Elves are Kind and good. They work for Santa. They'd never throw exploding Christmas ornaments at Timmy... right?

Keep an eye out for these frisky little piggybanks. If they get too close they'll steal your stars and clovers. Defeat them and you'll be richly rewarded.

You'll steer clear of a Jack in the Box if you know what's good for you--unless you actually enjoy being on the receiving end of a giant boxing glove.

Yugopotaimian Guards are mean and hungry creatures. Hmmm, I wonder what happens if you feed them?

Danger Timmy Turner! You'll want to get out of the way of Yugopotaimian Robots and anything they throw in your direction.

You'll have a ball with these rolling robots of doom. Did I mention they're immune to magic?

Beware the giggle pie. It will hypnotize Cosmo and Wanda! If you can't beat 'em, eat 'em. But be warned, it takes a stronger stomach than Timmy's to digest this dastardly dessert.

A word to the wise, don't feed the seemingly harmless flowers, Seymour. They're pretty ornery and they have a tendency to throw seeds every now and then.

Tripodlings look just like evil TV cameras. So it's no wonder they have the power to trap Timmy inside of a television!

Careful, these flying saucers will beam up any stars or clovers on screen.

It's a short fuse, so you know what that means. It's only a matter of time before KA-BOOM! You can pick them up, but you won't want to hold on to them for too long.

Friend or foe? Toss Bippy and recover any stars or clovers in his path.

Oooh, so sparkly and yet so evil! Don't confuse these vile gemlettes with the real crown jewels. Hint: the real jewels won't attack you.

Shadows (not to be confused with the Shadow) creep along the ground and lay in wait for Timmy. Watch out!

## WHO'S THE BOSS

At the end of certain stages you'll face off against the elusive Shadow in various forms. With each encounter he grows stronger and more cunning. Are you brave enough to make it to the final showdown and help Timmy drag the sinister Shadow into the light?

# Rocket Power: Zero Gravity Zone
